General description of the library district

The East Travis Gateway Library District (ETGLD) consists of two branches serving the 401, 402, 403, 404, and 405 voting districts. The branch libraries are located in Elroy and Garfield. We offer a variety of services, and the Library District's goal is to serve the greater Del Valle area.

Library districts operate within defined geographical boundaries and are supported by a percentage of local sales and use tax. They are stand-alone governmental entities, political subdivisions of the state, and special-purpose districts.

ADA Compliance

The ETGLD is committed to providing equal access to all patrons, including those with disabilities, under the Americans with Disabilities Act (ADA). If you require an accommodation in order to access any Library materials, services, programs or public computers, please communicate with Library staff. All reasonable requests for accommodations will be considered. In the event that a preferred accommodation cannot be provided, Library staff will attempt to provide an effective, alternate accommodation.

Circulation Guidelines

Library account information¹

Applications can be completed online or in person at any ETGLD library. In-person library card applications require a photo identification and proof of address be shown. Acceptable forms of photo identification and proof of address listed below.

Online applications will only allow a patron to access ETGLD's digital library offerings until they come into an ETGLD library and present their government-issued photo identification.

Account types:

- Full Access
 - Access to all ETGLD resources
 - Available to residents of the following counties:
 - Travis
 - Bastrop
 - Caldwell
 - Hays
- Out of District
 - Limited to 5 checkouts at a given time, no digital access or Interlibrary Loans (ILL)

Accounts for minors ages 5-17 are considered joint accounts and are owned by the parent/guardian who assumes financial responsibility for all materials borrowed on the account. To qualify for a minor's library card account, the minor must be present and a parent/guardian must have an active ETGLD library account and show government-issued photo identification. The library card entitles the minor to borrow library materials from any library in the district, including Elroy, Garfield, and the mobile library.

Enhanced Library Card

Full Access library card account holders are eligible to receive a library card that includes your name, picture, and other personal information printed on it. The card can be used to check out items from the physical collection and/or digital resources, depending on your membership type. A photo id and proof of address are required.

This may possibly be used as a supplement with other documents to prove your identity. You will need to check with organizations/entities with which you would like to use the Enhanced Library Card as part of establishing your identity to determine if/how the Enhanced Library Card can be used for this purpose.

Full-access patrons may borrow a total of 50 items per account at one time; however, additional limits apply to certain collections (these limits apply to non-digital materials):

- All DVDs and audiobooks are limited to 10 per account

Due to the unique nature of the mobile library, all accounts are limited to having a maximum of 15 mobile library materials checked out at a time.

Fines and Fees

The ETGLD no longer charges late fees on overdue materials. Additional fees may be charged for lost or damaged items. If a patron pays the full replacement cost of an item, the patron owns the item and may do with it as they wish.

Lost or unrepairable materials	Cost of material
Damaged materials that require repair	\$3.00

Interlibrary Loans (ILL)

The Texas State Library and Archives Commission (TSLAC) provides Texas public libraries access to state and national resource-sharing networks, including those for interlibrary loan, with the intention to help meet the educational, informational, and economic needs of all Texans. No library can own every item, and the statewide interlibrary loan program enables library users to access materials that may not be available at their local libraries.

- To be eligible to borrow materials through ILL, ETGLD cardholders must be adult patrons, have had their library account for at least 60 days, and their account must be active and in good standing.
- ILL requests for materials other than physical books will not be accepted.
- Requests can be placed in person at any ETGLD library or online.
- Due to shipping costs incurred by ETGLD associated with ILL, patrons are limited to two ILL books, either requested or checked out, at a given time.
- Costs:
 - ETGLD does not currently charge patrons for shipping costs to request ILLs from other libraries.
 - Patrons are responsible for lost or damaged ILL books and late fees charged by the lending library.
- We are unable to renew ILLs.
- Once a request has been submitted, if the book is available through ILL, the request will typically be fulfilled within 2-6 weeks.
- ILLs need to be picked up within two weeks of arriving at the chosen pickup library.

TexShare library accounts

The ETGLD participates in the TexShare library card program sponsored by TSLAC. This program provides free reciprocal borrowing privileges to registered borrowers of member

libraries, academic, and public. For a complete description of this program, visit the TexShare page at www.tsl.texas.gov/texshare/index.html.

The TexShare card allows ETGLD patrons to borrow materials from all other participating libraries in Texas. Typically, libraries do not permit TexShare cardholders to download digital materials. ETGLD patrons with accounts of at least 1 month and in good standing (no overdue or lost books and library fines of less than \$10.00) may obtain a TexShare card. TexShare cards expire one year from the date of issuance.

TexShare cards may be issued only to adult patrons as defined by ETGLD policy or to juveniles if the card is signed by a parent or guardian. Materials borrowed from other TexShare libraries should be returned in person or by first-class mail by the borrower to the lending library. The borrower is responsible for any expenses associated with returning the item, including fines accrued due to delivery delays.

Confidentiality of library records

The ETGLD is committed to the protection of all Library customers' rights to privacy in the use of Library resources and discloses customer information to the customer only. Records of customer transactions are kept only as long as is required to collect administrative statistics and then are erased. Library records will only be disclosed under court order, subpoena, or warrant as outlined in the state statute, Texas Government Code, Section 552.124, and the surveillance provisions included in The USA PATRIOT ACT (Public Law 107-56).

Collection Development

The collection development policy of the ETGLD establishes the guidelines by which the district selects and withdraws library resources. The collection development policy supports the district's mission to meet the informational, educational, and recreational needs of its communities. The values of collection development of the ETGLD reflect the library as a place that:

- allows patrons to freely explore all ideas and points of view*,
- provides free and open access to resources for all cultural and economic backgrounds,
- caters to all ages and all levels of ability,
- inspires and enriches lives while promoting lifelong learning and civic engagement.

The goal of collection development is to serve the diverse communities of the ETGLD with a collection that is:

- relevant and up-to-date,
- available in multiple formats,
- in demand,
- reliable and authoritative,
- of literary merit, or
- reflective of the community.

Selection of materials

Selection refers to the decision that must be made either to add a specific item or type of resource to the collection within budget, space, and availability constraints or to retain material already in the collection. Selection standards, including professional and commercial reviews, popular demand, and local interests, are considered by library staff in selecting resources.

Specific criteria are used to select works of imagination, information, and opinion^.

- The library's varied collection is available to all; however, it is not expected that all of the collection will appeal to everyone.
- The choices made to develop the collection are not necessarily a reflection of the opinions or values of the selectors or the library board.
- The library staff does not serve in loco parentis. It is the responsibility of the parent or legal guardian to supervise and monitor the library activities of their child.

Collaboration

Under a variety of cooperative lending programs, including the state inter-library loan program, the library can assist patrons in obtaining resources not owned by ETGLD. Resources made available through collaborative initiatives may fall outside of the selection criteria of the library district.

Withdrawal of materials

ETGLD will evaluate its collection on an ongoing basis in response to the changing nature and needs of the community. The same criteria used in the selection of materials will be considered during the withdrawal process. To maintain the collection in its most useful and attractive condition, the professional staff will consider withdrawing material that is no longer in demand, superseded by a newer edition or more accurate resource, or in poor condition. Replacement of a withdrawn item is not automatic. The decision to replace will be based on the selection policy.

De-selection

ETGLD staff will use the current CREW Manual to weed materials that are out-of-date, unused, or in poor condition. Each section of the library will be weeded on a rotating basis. Items that are not being used but are listed in standard bibliographies shall be retained and promoted unless the item is deemed inappropriate for collection. The library will annually withdraw a minimum of 5% of the total collection.

Disposal of library materials

Library material purchased with ETGLD funds or donated to the library are the property of ETGLD. Withdrawn books are donated to the Friends of the Library for book sales. The proceeds from such sales are used for the benefit of the library. Books that are not sold will be disposed of at the discretion of the Friends of the Library.

Requests for reconsideration

If a patron who resides within the confines of the district² has a concern about the inclusion, classification, or location of library material, a request for reconsideration of materials form is available at each library. For a reconsideration request to be considered, the form must be completed in full. The library materials about which a request for reconsideration has been made will not be removed from the collection, nor will their use be restricted in any way, before final action is taken regarding the request. The patron submitting the request must hold a valid borrower's card. The library director will assign a committee to review the request in a timely, professional manner. The district will respond, in writing, within 30 days of receiving the request. The response will indicate the action to be taken as decided by the committee as well as the reasons for or against the request. An item will be evaluated for reconsideration only once in a 12-month period.

*ETGLD library incorporates, as part of this policy, the principles contained in the First Amendment to the Constitution of the United States of America, the American Library Association's Library Bill of Rights, Freedom to Read, and Freedom to View statements.

^Collection development selection criteria include, but are not limited to the following:

- representation of an important movement, genre, trend, or national culture
- artistic presentation and experimentation

² The district is defined on page 2 of this guide.

- sustained interest
- entertainment value
- representation of challenging points of view
- accuracy

Display of materials

The policies and procedures for displaying informational brochures, flyers, pamphlets, or posters are established herein. Display of these items does not constitute an endorsement by the ETGLD. The responsibility for implementing this policy and for displaying the above items rests with the individual branch manager of the building where the above-mentioned items are to be displayed. The library director retains final authority for implementing this policy.

1. Informational brochures, flyers, pamphlets, or posters may be displayed in designated areas within the libraries of the ETGLD only upon approval by the relevant branch manager or director.
2. Regulations for the display of material
